We Can Help.

Pet First Aid Kit Essentials

Be ready for minor emergencies at home or on the go.

Health & Meds

- Vetericyn wound spray
- Sterile saline / eye wash – flush eyes or wounds
- Manuka honey – wound protection & healing
- Triple antibiotic ointment – avoid products with added pain relievers
- Styptic powder – stops nail bleeding
- Thermometer – rectal, digital
- Benadryl (diphenhydramine) – diphenhydramine only, no decongestants

Bandaging & Tools

- Gauze / Telfa pads
- Vet Wrap
- Adhesive tape
- Clean towel
- Gloves
- Tick removal tool – tweezers, hemostats
- Scissors
- Pet nail clippers
- Soft muzzle

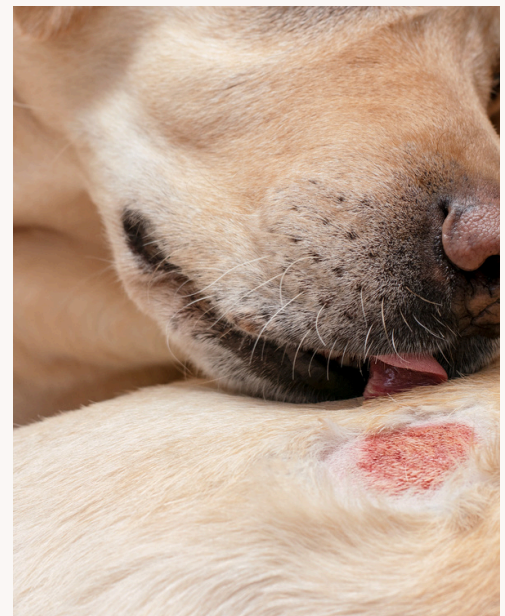

Extras

- Dawn dish soap (original)
- Instant cold packs
- Trash bags

Often Forgotten, But Helpful

- Printed medical records
- Photo of your pet
- Emergency contact sheet (vet, ER, poison control)
- Slip leash or spare collar + ID tag
- Soft e-collar (cone)
- Vet-approved nausea/diarrhea meds – (Ondansetron / Cerenia, Metronidazole)
- Flashlight or headlamp

First aid is not a substitute for vet care. Always follow up with your veterinarian.
